TRAFFIC ALERT

Effective Monday, May 8th, 2017

Flagging of traffic on Zan Road is scheduled for the week of May 8th-12th for storm sewer work. Traffic will be maintained in both directions. Please expect slight delays.

Construction of the roundabout at the intersection of Zan Road and Line Drive began April 17th. Access to twenty businesses from Route 29 traveling south changed from the Seminole Court signal to the new Hillsdale Drive segment from Hydraulic Road. Detour signs listing the businesses has been erected on Route 29 and Hydraulic Road which direct motorists to turn left onto Hydraulic Road and left onto Hillsdale Drive. A detour map was also created for the businesses and is available on the project's website. Access from Route 29 traveling north remains the same. Construction of the roundabout will take approx. 1 month to complete and reopen.

Speed limit is posted at 25 MPH – please drive carefully.
